

DARLING MATTRESS CO., LTD.

SINCE 1961
THAILAND

Why Darling Mattress is Different from other brands?

- Our spring coils are made from high tensile strength anti-corrosion coated wire through heat treatment process, which is rustproof and durable than others.
- With darling mattress's circular balance formula, our coil spring system is originally designed by swiss technology. The coil system synchronizes the movement of your body with supportive superior spring wire diameter.
- The proper shape of coil spring is professionally designed for more stability, durability and restfully comfortability.
- The design of mattress edge and corner are fully utilised for mattress surface including toss and turn as well as sitting position.
- The upholstery layers are well selected for providing relief of your body stress and tensions.
- The mattress is covered with anti-dustmite, liquid repellent, fire-retardant fabric, according to bs 7177 british standard.
